Track 2 – Group Child Care¹

Quality Rating and Improvement System Overall Model

Programs not in regulatory compliance would not be able to earn points in YoungStar until coming into compliance with licensing and certification.

It is imperative that Wisconsin improve the quality of child care. YoungStar assists Wisconsin child care providers to improve their quality leading to a critically important outcome of improving outcomes for children. YoungStar is based on research and other states' experiences to establish criteria that are: research-based, objective, and verifiable on a regular basis.

This document describes the categories for earning points in YoungStar. Each child care provider or program can earn up to forty points across four categories – education (Lead Teacher and Director), learning environment and curriculum; professional and business practices; and health and wellness. In general, when the word “staff” is used in the Group child care section, it means Lead Teachers and Directors unless otherwise noted. There are required points in each of the categories as well as additional optional points programs may accumulate.

The following chart shows the overall categories and the points possible in each.

Category for Earning Points	Possible Points
Group Teacher Qualifications	0-9
Group Director Qualifications	0-6
Learning Environment and Curriculum	0-13
Business and Professional Practices	0-7
Health and Wellness	0-5
Total	0-40 points

¹ This track includes licensed group child care serving children from birth through age 12.

Accreditation: Alternative Path to Four or Five Stars

YoungStar offers an alternate path to a 4 Star or 5 Star rating for accredited providers. Accreditations of the National Association for the Education of Young Children (NAEYC), the National Accreditation Commission (NAC), the City of Madison, and Head Start Performance Standards with no non-compliances or findings are accepted as equivalent to a 5 Star rating. The accreditation through the Council on Accreditation (COA) is equivalent to a 4 Star rating, however, if the program met 5 Star credit-based education standards (for Lead Teachers and the Director), the program would qualify for a 5 Star rating.

If a program is accredited by NECPA AND the program meets the educational requirements of a 4 Star program in their respective YoungStar rating track, that program would be eligible for a 4 Star rating. If a program is accredited by NECPA AND the program meets the educational requirements of a 5 Star program in their respective YoungStar rating track, that program would be eligible for a 5 Star rating.

The rationale for accepting these accreditations as equivalent to a 4 Star or 5 Star rating is that the standards used in these accreditations are nationally recognized as linked to quality and each accreditation requires on-site observations and verification of similar characteristics laid out in YoungStar.

A) Education and Training of Director and Lead Teachers (Maximum Points = 15)

Teacher Education and Training: Teacher education is considered one of the most consistent predictors of quality in an early childhood setting. Staff and provider early childhood education and school-age education qualifications will be entered into an Organizational Profile within The Wisconsin Registry. The Registry is Wisconsin's recognition system for the childhood care and education profession. The Registry verifies educational qualifications using credit-based instruction transcripts. All training is quantified by core knowledge areas as defined by the National Association for the Education of Young Children (NAEYC) or CDA content areas as defined by the Council for Professional Recognition. The Registry awards a certificate verifying that entry level and continuing education requirements defined by the Department of Children and Families have been met.

Director Education and Training: Research has demonstrated the critical role of the child care Director in all centers; they are responsible for the recruitment, hiring, and guidance of teaching staff, and – when necessary – for firing or dismissal of staff. Research shows that centers with well-qualified Directors demonstrate higher quality. Directors with degrees operate nearly half of the centers in Wisconsin. This category recognizes a variety of ways to earn points by meeting higher levels of Director qualifications.

Full-Time vs. Part-Time

YoungStar recognizes that some child care programs have different operating schedules based on the time of year. For all of the measures within this document, the quantities shall be pro-rated based upon the average number of hours per day or per week a program is open using a definition of full-time as an 8 hour day and a 40 hour week. For example, if a quality indicator asks a program to provide 60 minutes of physical activity per day, the part-time program operating 4 hours per day would be asked to provide 30 minutes of physical activity. If the operating hours vary during the week, a Consultant/Rating Observer will use the average number of hours per day to award points for items like this.

For the purposes of YoungStar, the definition of a full-time employee is someone who works an average of 40 hours per week for 6 months of the year or more. So, if the program is open for 3 months (one-fourth) of the year and the program wants to earn credit for the Quality Indicator C.4.3 which requires 18 paid days off per year for full-time staff, the program would have to demonstrate that they give full-time staff 4.5 days off per year.

Staffing of Group Child Care Programs:

A person can only be associated in The Registry's Program Profile with one program at a time. This means a person who has responsibilities for more than one program must choose on Program Profile with which to be affiliated. Every classroom that is open at least 25% of the time (up to 40 hours) that the program accepts children must be listed on the Program Profile. A classroom/group must be a Program Profile to be eligible for a Formal Rating

- A. For YoungStar,² the person who is designated as the Director shall be on-site for at least 25% of the total number of hours they work per week for the program and shall have the following responsibilities:
 1. Supervision of the planning and implementation of the programming for children
 2. Supervision of the staff at the program
 3. Staff meetings and orientation
 4. Continuing education for the staff
- B. The person serving as the Director may step in to help out with Lead Teacher responsibilities if a staff member is ill, during staff break/meal times, when special programming or activities require more adults to be in the room or for emergencies.

Variations—the following variations to rule A will be allowed:³

- **Centralized administration (for programs with multiple sites):** if the program is administrated outside the center, the program may ask for a variation from the typical YoungStar staffing requirements. Responsibilities 1 and 2 (listed above) must be performed by a person who is on-site at the center for at least 25% of the total number of hours they work for the program. Responsibilities 3 and 4 may be performed by a person or persons who are located off-site.

In these cases, the program has two options:

- Option 1: List a person from the administrative office who is responsible for 3 and/or 4 as the Director.
- Option 2: List the person who is on-site performing responsibilities 1 and 2 as the Director. **If the program wants to choose this option and the person listed as the Director is also a Lead Teacher, the rules for Dual-Role (below) must be followed.**
- **Dual-role:** programs licensed for 30 or fewer children may, in the following limited circumstances, have a Director who also is listed as a Lead Teacher in the Program Profile:
 - To be eligible to earn 3 Stars: The person in the dual-role has 25% of the time the program is open⁴ devoted to the responsibilities of the Director **AND** child to staff ratios must follow licensing requirements for licensed group centers. The dual-role Director must also meet the educational qualifications for a 3 Star rating. For example, if the program is open 40 hours per week, the person in the dual-role would have to be in the Director role for 10 hours per week.
 - To be eligible to earn 4 Stars: The person in the dual-role has 37.5% of the time the program is open devoted to the responsibilities of the Director **AND** child to staff ratios must follow licensing requirements for licensed group centers. The dual-role Director must also meet the educational qualifications for a 4 Star rating. For example, if the program is open 40 hours per week, the person in the dual-role would have to be in the Director role for 15 hours per week.
 - To be eligible to earn 5 Stars: A full-time dedicated Director must be in place, who meets the educational qualifications for a 5 Star rating.

Verification of the variations to rule A: To verify this indicator, the program may be asked to provide schedules, pay stubs, timesheets, job descriptions, employee handbooks and/or employment policy and procedure documentation.

Professional Development Opportunities: Information about early care and education and school-age credit-based course offerings availability can be accessed by contacting the individual institution of higher education directly, or by contacting a Professional Development or T.E.A.C.H. Early Childhood® Wisconsin Scholarship Counselor at the Wisconsin Early Childhood Association. Credit for prior learning experience may be offered through individual institutions of higher education. Further information related to The Registry Career Levels, professional development opportunities and credit for prior learning experience is available in the appendix of this

² Licensing requirements regarding the role of the Director are different from YoungStar. Licensing is meant to be a base level for health and safety and YoungStar is meant to be a step higher toward quality. So, while a program may be following licensing requirements for the role of a Director, the requirements outlined in this document will be used for YoungStar.

³ In either of these cases, the following rule still applies: A person can only be associated in The Registry's Program Profile with one program at a time. This means a person who has responsibilities for more than one program must choose one organization profile with which to be affiliated.

⁴ "The time the program is open" means the number of hours the program accepts children for care. If a program had additional hours where staff are present but no children are in care, these hours do not count toward the time the program is open.

document.

In the following two charts for Lead Teaching staff and center Directors, points are not cumulative. For each staff qualification chart, a program receives credit for the highest level achieved looking at the composition of the Lead Teaching staff education and the center Director's education. If a Director or Lead Teacher's Registry Level falls in between two point levels, they will be awarded the points for the lower of the two levels. For example, if Lead Teachers for 50% of the classrooms are at Registry Level 8, the program would receive 2 points because the Registry Levels are higher than the requirement at the 2 point level but they did not meet the requirement at the 3 point level. Additionally, for example, if a Director were at Registry Level 11, the program would receive 1 point because the Registry Level is higher than the requirement at the 1 point level but did not meet the requirement at the 3 point level.

Any time a related Associate's degree is referenced in this document, 60 credits beyond high school with 30 of those credits related to early childhood or school-age care would be accepted as equivalent to the related Associate's degree.

Professional Development Opportunities for Credit Based Instruction:

For those interested in taking credit based college coursework in early childhood education, the most up-to-date information on options available – including both traditional and non-traditional routes (including online, weekend and evening courses, and accelerated programs) – is by contacting the institution of higher education directly. Another option is to contact a T.E.A.C.H. scholarship counselor at Wisconsin Early Childhood Association: phone 1-800-783-9322, ext. 7240 or email teach@wisconsinearlychildhood.org. You may want to inquire about scholarship eligibility as well.

To assist you, the WECA website, <http://www.wisconsinearlychildhood.org/teach/index.php> offers T.E.A.C.H. program information. A link at this site (Wisconsin Colleges and Universities) will take you to a map of all Wisconsin institutions of higher education; simply click on a college or university to access their website and contact information. The WECA website also houses a T.E.A.C.H. online Directory of course offerings within the Wisconsin Technical College System.

Professional Development Counseling Support opportunities are also available through the Wisconsin Early Childhood Association.

Credit for Prior Learning and Experience:

Institutions of Higher Education may offer credit for prior learning and award degree credit(s) to individuals who can demonstrate relevant skills and knowledge that they have previously acquired through non-traditional schooling, work or other life experiences. Credit for Prior Learning (CPL) can help child care teachers and child care providers ease into the higher education system. In Wisconsin, each college has its own process of evaluation established. The process requires the teacher/provider to document relevant experiences. Examples include: Training completion certificates, portfolio development that reflects work experiences and transcripts if available. T.E.A.C.H. scholarship counselors are available to help connect individuals to the early childhood program area that supports this work at each Institution of Higher Education.
